Sum

A hand-drawn diagram of a cell. The cell is represented by a large rectangle with a wavy border. Inside, there are several small circles representing organelles. The labels and their corresponding organelles are:

- Cell wall**: The outer boundary of the cell.
- Cell membrane**: The inner boundary of the cell.
- Nucleus**: A large, central, oval-shaped organelle.
- Chloroplast**: A small, oval-shaped organelle with internal folds (thylakoids).
- Mitochondrion**: A small, oval-shaped organelle with internal folds (cristae).
- Rough ER**: A network of membranes studded with small dots (ribosomes).
- Smooth ER**: A network of membranes without dots.
- Golgi apparatus**: A stack of three flattened, oval-shaped sacs.
- Lysosome**: A small, circular organelle.
- Vacuole**: A large, circular organelle.
- Centrioles**: Two small, cylindrical organelles.
- Cytoskeleton**: A network of fibers throughout the cell.
